**IN THE MATTER OF:**

**SFWMD ORDER NO. 2024-037-DAO**

**EMERGENCY AUTHORIZATION  
FOR PROCUREMENT OF GOODS  
AND SERVICES MADE NECESSARY  
BY INVEST 90L**

\_\_\_\_\_ /

**EMERGENCY FINAL ORDER**

Under the authority of the State of Florida Executive Order No. 24-115, incorporated herein by reference, and section 120.569(2)(n), Florida Statutes, the South Florida Water Management District ("District"), enters this Order authorizing the emergency procurement of goods and services and suspending rules and policies requiring advertisement or competition, due to the impacts and time constraints caused by Invest 90L ("the Storm").

**FINDINGS OF FACT**

1. On June 12, 2024, the Governor of Florida issued Executive Order 24-115 ("the Executive Order") declaring a state of emergency based upon the serious threat to the public health, safety, and welfare posed by the Storm. The Governor included the following areas in the Executive Order that are within the District's jurisdiction: Broward, Collier, Lee, and Miami-Dade counties ("the Emergency Areas").

2. The Storm has the potential to cause widespread flooding, may continue to impact the operational capability of critical infrastructure, and poses an immediate danger to the lives and property of persons throughout the Emergency Areas.

3. The Executive Order found that the special duties and responsibilities of some agencies, including , in responding to disasters may require them to deviate from the statutes and rules they administer. More specifically, the Executive Order gives each political subdivision of the State authority to waive the procedures and formalities otherwise required of the political subdivision by law pertaining to:

- a. Performing public work and taking necessary action to ensure the health, safety, and welfare of the community;
- b. Entering into contracts;
- c. Incurring obligations;
- d. Employing permanent and temporary workers;
- e. Utilizing volunteer workers;
- f. Renting equipment;
- g. Acquiring and distributing, with or without compensation, supplies, materials, and facilities; and,
- h. Appropriating and expending public funds.

4. The Executive Director has determined that an immediate danger to the public health and safety or other substantial loss to the public exists because the Storm poses a serious and imminent threat to canals, works, lands, equipment, and facilities within the such that operational capability of the Big Cypress Basin, Central & Southern Florida Flood Control System, and other functions may be jeopardized.

## **ULTIMATE FACTS AND CONCLUSIONS OF LAW**

5. The District issues this Order to carry out the directives in the Executive Order. The District has authority to issue this Order under sections 120.569(2)(n), 252.46, 373.119(2), and 373.439, Florida Statutes.

6. The Executive Order permits agencies, including the District, to suspend the provisions of any regulatory statute prescribing the procedures for conducting state business or the orders or rules of the agency if strict compliance with the provisions of any such statute, order, or rule would in any way prevent, hinder, or delay necessary action in coping with the emergency. The Executive Order gives agencies the authority to take formal action by emergency rule or order to cope with the emergency.

7. Based on the above findings of fact, and to protect the public's immediate health, safety, and welfare, and not prevent, hinder, or delay necessary action in coping with the emergency, it is both reasonable and appropriate to waive any statute, including, but not limited to, chapters 255 and 287, Florida Statutes, and any District rule, policy, or order pertaining to the procurement of equipment, services, and commodities necessitated by this emergency.
